# ORGANISATION STRUCTURE

## About us

*Turnkey Electrical Engineers Private Limited* established in the year 1992 is a growing electrical organization involved in Electrical Installation, maintenance, Implementation & Consultancy, delivering quality work in commercial and industrial markets. With a dedicated team of professionals, we bring expertise, knowledge and practical know how to any electrical project regardless of size.

*Turnkey* is very successful in this line of business having to its credit some of the largest installations in the country. *Turnkey* now offers a complete end-to-end solution of electrical Installation & maintenance.

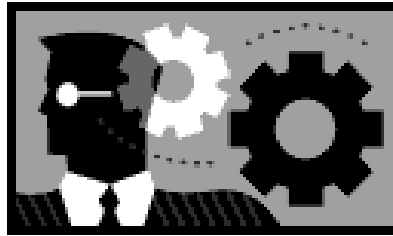

Over the year we have built a strong reputation for our expertise, our excellent manpower, equipment and a system that enables us take on the challenges that confront us. Today *Turnkey* is professionally recognized customer service organization with offices across India.

We have always strive to give our customer complete solution under one roof. As nation's one of the leading Electrical Contractors, we have fostered the development of a quality service culture as our point of differentiation from others.

*Turnkey's* success has largely been due to its strong integration expertise, its commitment to support its customers and ability to absorb and deploy technology. Today *Turnkey* offers high quality Electrical Implementation.

*Turnkey* operates from Head Offices Mumbai and having branches at Bangalore & Chennai. Each of our offices is staffed with trained & experienced Engineers, Electricians and Technicians. These offices also equipped with required tools & tackles, equipment and measuring instruments needed to carry any kind of installation & maintenance work. *Turnkey* maintenance staff is trained to respond to customer needs by attending them at earliest and giving them effective solutions. We have never tried to compromise with quality aspect.

## QUALITY PHILOSOPHY

*"First in Service, First in Quality"*

Quality is the continuous process of performing in the best and most cost-effective way possible. It is the position of senior management that quality must be a part of every activity in the operation of the company if *Turnkey* is to stay competitive and continue to deliver value to its customers.

*Turnkey's* Quality is built on the foundation laid by recruiting, developing, empowering and rewarding excellent employees. Commitment to quality must permeate the thinking of managers and workers, leap across departmental barriers, and bridge the gap between office and sites. Since all employees share responsibility for quality, *Turnkey* has made a whole-hearted commitment to training programs for management improvement, supervisor development, employee skills upgrade and worker qualification.

*Turnkey* is committed to excellence with a team of people who are trained, certified and experienced - all of which has resulted in a majority of our annual volume being from satisfied repeat customers.

Stability, specialization and client satisfaction are *Turnkey's* guiding principles.

We provide our customers with the highest possible level of satisfaction. We will keep abreast of the latest industry practices, methods, and materials, and utilize them for the betterment of the services we provide to our customers. *Turnkey* employees shall strive to make every interface with our customers and an enjoyable one for them.

Our commitment lies in developing a relationship of trust, honesty and integrity with our clients. We realize that our quality is our reputation and our customers are the key to our success.

## VISION

To provide complete Electrical Installation solution to our customers by providing professional design, installation and support services. To earn our customers trust and loyalty by our commitments to quality, reliability and honesty. We consider it as our fundamental concern to understand the needs and requirements of our esteemed clients and are committed to give products and services that consistently meet the agreed up on requirements and needs of our clients.

We help our clients in reducing business interruption costs, extending electrical equipment life, minimizing electrical utility costs, minimizing power quality risks and reducing life safety risks.

We ensure that...

- ⑦ Every employee will act with integrity, honesty, and exemplify high moral standards at all times.
- ⑦ Our daily services will reflect our very best effort.
- ⑦ We will strive to understand our clients' needs so that we may provide reliable, friendly, and courteous service to ensure client satisfaction.
- ⑦ We will provide an open and professional work environment that encourages training, teamwork, and open communication.
- ⑦ We will wisely manage client and corporate resources.
- ⑦ We will make timely availability of Materials, Machines and Manpower.
- ⑦ We will make timely delivery of products & services.
- ⑦ We will continually develop competence of employee.

## SAFETY

*Turnkey* has an unwavering commitment to the safety and well being of each of its employees. This commitment is shared with each employee at the time of recruitment. Safe work expectations are clearly communicated to employees. It is always our goal to complete each project with no injury to any employee. At *Turnkey*, our commitment to provide the best possible service to our customers is exceeded only by our commitment to provide the safest possible work environment for our employees.

Recognizing that front line supervisors have a special responsibility for the safety of their employees, they are enlightened of their safety responsibilities and the means for fulfilling them successfully.

We ensure that safety for personnel, client, and property is the first priority.

At *Turnkey*, no job is so urgent that we cannot take the time to do it safely

---

## SUMMARY OF OUR STRENGTH:

- 🔦 Excellent Human Resource to work with.
- 🔦 Excellent and fully dedicated Customer Service.
- 🔦 Best integration expertise available
- 🔦 CAD specialist for updating any modification over drawing.
- 🔦 Core area of work
- 🔦 Proven Quality Assurance Program.
- 🔦 National presence.
- 🔦 Wide Range of internationally acclaimed products.
- 🔦 State of the art tools and testing equipments
- 🔦 Technically sound staff to handle maintenance work.
- 🔦 Working 24 x 7 in urgency.
- 🔦 Appetite for learning, creating its own Benchmark.

## OUR PEOPLE

*Turnkey* is built on pillars of commitment, commitment with its employees, which builds the foundation of *Turnkey*. *Turnkey* is built upon the knowledge, hard work and skills of its people. *Turnkey* provides a technical up gradation to every technical person, with advancement of technology, which allows our people to be equipped with the latest technology, helping our customers in a better way.

Our strategy integrates people; processes, technology and the best equipment into powerful and easily managed System. *Turnkey* is actively committed to deepening and widening the skills set of every individual so that each person can contribute towards providing the technological solutions that meet any business challenges.

As we are approaching towards new millennium, we are putting all efforts to expand our facilities, and to reach every customer with more promises. We value our people and understand the importance of their contribution to its success. The core values of our organization - honesty, integrity and openness - are shared with our customers and our employees.

We are committed to our people and to their future.

## **BOARD OF DIRECTORS**

**Mr. Bhavesh Goradia : Managing Director**

**Mrs. Maya Goradia : Director.**

**Mr. Atul Goradia : Director.**

**Mr. Ashwin Dalal : Director.**

# Services

*Turnkey* provides complete Electrification & allied installation work viz. Signal Cabling, Telephone Network & Music System, Lighting Fixture, Earthing, Trunking, Automatic Fire Detection System, L.T./HT Panel, PCC & PDBs, P.A. System etc and also specialises in Operation & Maintenance of electrical installation and control systems. We are licensed, skilled, and experienced at designing, inspecting and maintaining commercial, and industrial electrical power systems. Our technology design and installation are based on industry standards and differentiated through the integration of leading edge process management and direct and frequent customer communication.

We differentiate ourselves by providing high quality materials that exceed industry standards, benchmark customer response time, and efficient robust installations and repairs. The prominence of professionalism and quality of our craftsmanship and services has directly attributed to our company's growth and profits, primarily generated from customer referrals. We are constantly aware of the need to carefully examine and improve methods of operation. Well-trained electricians service our customers and focus on constantly improving our field productivity. Our project engineering staff receives intensive training on project management, customer relations, and field supervision. These improvements distinguish us from the competition in quality and efficiency, resulting in substantial cost savings for our customers.

Our unrivaled breadth of services and consistent client communication allows us to be your single source for coordinating all of your maintenance needs 24 hours a day, 365 days a year. The fact that *Turnkey* is one of the largest electrical contractors allows our clients the advantage of superior purchasing power and reliable vendor relations. These advantages result in our ability to provide competitive bids, meet strict deadlines, stay within budget, and coordinate the most difficult of projects with a variety of other trades.

*Turnkey* has the experience, leadership and a strong knowledge base to improve your utility operations, cut costs and achieve maximum operating efficiencies. With an extreme diversity of experience, we provide our clients with creative solutions from simple low voltage systems to the most challenging projects. At *Turnkey*, we contribute to the whole project team's success. With excellent communication skills and a technical understanding of the process, our clients remain confident that their projects will stay on schedule and within budget.

Successful business practices over the years have allowed us to develop the kind of financial strength that enables us to offer our customers substantial bonding capacity and financial capital for the support of their projects. Our experience, ranging from lakhs to multi-crore projects, allows us to provide flexible, creative management for any opportunity.

## **We provide following services:**

### **HT SUBSTATIONS:**

We offer complete substation construction and installation Service for HT Breaker, HT Panel, Transformer, Metering units, Unitised Substations, etc. Our engineering and design with our wide experience meet each electrical and mechanical specification. Our execution staff has the extensive technical information and field experience to install substations in accordance to the general rules.

#### **We offer following Services:**

- Up to 66 kV Substations
- Site and Equipment Selection
- Transformer Installation and Maintenance
- Switchgear Installation
- Testing and Commissioning
- Drawing in AutoCAD
- Assistance in obtaining approvals from Electrical Inspectorate

### **LT ELECTRICAL EXECUTIONS:**

We offer complete solution for the requirements of Internal Electrification and LT Installations. We have done every type and class of installations and are leading the way in meeting client's requirements. Our Project Engineers and Execution Teams have wide and practical experience in installation methods and practices.

#### **We offer following Services:**

- **Power Distribution Systems:** Supply, Installation & commissioning of LT Panel, APFCR Panels, Distribution Boards, Internal/external Cabling, Point wiring, Earthing conductor, Power outlets, Indoor & Outdoor Lighting fixture, etc.
- **CCTV System:** Supply, Installation, testing & commissioning of Colour/B&W close circuit cameras, Digital Video Recorders, External Storage devices, etc.
- **Access Control System:** Supply, Installation, testing & commissioning of Stand alone/LAN connectivity Access Panels, Readers, Biometric Access Control System, Online Attendance software, etc.
- **Fire Detection System:** Supply, Installation, testing & commissioning of conventional/addressable type Fire Detection System, Fire Acknowledgement/repeater panel, FM200 type system, etc.
- **Public Addressable System:** Supply, Installation, testing & commissioning of Audio system, Amplifier, speakers, Music System, microphones, etc.

### **DIESEL GENERATOR INSTALLATIONS:**

We undertake Supply & Installation of Diesel Engine driven Generators range from portable to one megawatt and multiple sets of Gensets.

#### **We offer following Services:**

- Carry out load audits for Designing of Diesel Genset

- Complete Installation, Testing and Commissioning of Diesel Genset
- Obtaining approvals from Electrical Inspectorate and Pollution Control Board before startup and commissioning.
- Operation and maintenance of Gensets

### **RESIDENTIAL & HOUSING PROJECTS:**

We have a proven record of satisfied customers under residential and group housing installation projects. Over the two decades of our existence, we have gained immense experience in providing electrical installation services for Restaurants & Housing Complexes/Residential Projects.

#### **We offer following Services:**

- All types of electrical Installations
- Retrofitting and revamp

### **24/7 TECHNICAL FACILITY MANAGEMENT (OPERATION & MAINTENANCE):**

Besides the basic service of Electrical contracting, we also provide the much required service of Technical Facility Management (Operation & Maintenance). Currently we are providing 24/7 Technical Facility Management for Back Offices, KPOs, BPOs, Shopping Malls, Financial Institutions, Super Critical Internet Data Centers all across India.

#### **We offer following Services:**

- We provide Technical Facility Management services for:
- HT Installations including RMU Unit, HT Panel, Transformer, etc.
- Diesel Generator Set with AMF panel & Engine Control Unit.
- LT Electrical & allied systems including Main LT Panel with Power Factor Control Panel, Breaker & BUS Coupler, Power Control Center, PDU, Auto Transfer Switch (ATS), Static Switch, Earth pit, Earth Grid, Lightening Arrestor System, Stringer Earthing, etc.
- UPS with Active / Passive Filter, PF compensation unit, LBS Unit.
- Precision AC / PAHU / AHU, Comfort AC/Package AC, Chiller Plant and accessories and Cooling Tower.
- SMPS, Battery Bank
- Fire Detection and Fire Suppression System / Handheld Fire Extinguisher.
- VESDA System.
- Access Control System
- Water Leakage Detection System
- Rodent Repellant System
- Integrated Building Management System
- Close Circuit Television System
- Public Address System

We also provide emergency services 24 hours a day, 7 days a week with response times that are never greater than 2 hours.

## CLIENTELE/CONSULTANTS/ARCHITECTS & PMC
